The interviewees will be called in alphabetical order.

Candidates, currently neither resident nor domiciled in EU countries, who expressly request this within one week of the test date, have the option of taking the entire test online, at the same times as the in-person test. In this case, the interview will be conducted via videoconference; the specific arrangements will be communicated by the offices to the requesting candidates via e-mail.

The ranking of those admitted to the second phase of the selection is made public through the online publication on the UNISG website (<https://www.unisg.it/corsi-iscrizioni/corso-dottorato-ecogastronomia-scienze-e-culture-del-cibo/>) not less than ten days before the date set for the second phase of the selection itself. The publication on the site is equivalent to official communication in all respects.

The publication of this notice on the University portal holds the legal equivalent to an official communication. The absence of a candidate, for any reason, shall be considered a withdrawal of candidacy from the selection procedure.

The aptitude interview shall take place after formal confirmation of the identities of the candidates present, and after having informed said candidates of the evaluation procedure.
